## ✔ Top Skills

Using Skills Builder, the world's leading tool for measuring and building essential skills.

## ✔ Talents

Including sporting, musical, artistic or technical talents.

## ✔ Grades

Achieved grades and predicted ones too.

## ✔ Website Links

URLs to personal projects, or sites featured on.

## ✔ Industries & Pathways

Select and reflect on areas of interest and receive opportunities to match these.

## Parent Access

We have designed the app to allow parents to support their children on globalbridge.

“globalbridge enabled me to communicate my aspirations and showcase my talents in one unique place. As a student athlete, the traditional methods involved in communication and application processes permit little if any way to showcase and evidence my capabilities and potential - the globalbridge platform enabled me to evidence my knowledge and academic successes, demonstrate my skills and capabilities and through the process, share and communicate key aspects of my personality and character.”
